Your personal POS

You love individuality and you have taste – then you have the right mindset for Colometrics!

In case you find »a standard, normal POS« way too boring or not functional enough, we also offer many possibilities for you to optically and functionally adapt your POS system to your specific POS needs.

We turn your POS into a corporate identity advocate

Starting with a small order amount we place your logo on the POS system and change (upon request) the housing color or the start screen according to your individual concept. We will gladly help you with the creation of your customized images, even via remote access, and deploy them before delivery. The result: a POS which 100 % matches your company and your staff.

So talk with your sales representative now about the individual possibilities!
